## Efforts To Avert Packing Plants Strike Continue

Hundred Thousand C. I. O.  
Packing House Workers  
May Start At Mid-  
night

### ARBITRATION MOVE APPEARS STYMIED

(BULLETIN)  
CHICAGO, March 15.—  
(INS)—Final efforts to  
avert a nationwide strike of  
100,000 CIO packing house  
workers were scheduled to-  
day by federal mediators de-  
spite the refusal of two  
packers to accept arbitration  
of the wage dispute.

The walkout which would affect  
100 packing plants has been set for  
12 o' m. tomorrow.

Meetings with company and  
union officials were called by  
James J. Spillane, regional director  
of the federal mediation and con-  
ciliation service, after arbitration  
efforts were stymied last night.

Hopes of averting the strike  
faded as both Swift & Co., and the  
Cudahy Packing Company refused  
an offer by the CIO Packing House  
Workers Union to let the federal  
government arbitrate the dispute.

Armour To Reply  
An Armour and Co. spokesman  
indicated his company would give  
its answer today on the arbitration  
offer.

Wilson and Co., the other mem-  
ber of the "big four" packers, was  
not included in the offer because  
the firm withdrew its offer of a  
9 cents hourly wage increase.

Acceptance of the government's  
offer of arbitration was announced  
earlier by Ralph Helstein, presi-  
dent of the union.

The union seeks a wage boost of  
29 cents an hour, but has indicated  
it would accept 19 cents.

Included in the arbitration pro-  
posal was a provision for an im-  
mediate 9 cents raise, retroactive  
to Jan. 12, which has been the  
standing offer by Swift, Cudahy  
and Armour.

Must Agree By Midnight  
Helstein emphasized that the  
companies must agree to arbitra-

New auto licenses must be valid  
in Ohio earlier than in Pennsylv-  
ania. Many Ohio cars were noted  
on the roads Sunday carrying the  
yellow tags for 1948, appearance  
of Pennsylvania tags for 1948 is  
legal today.

According to Pa Newc's reckon-  
ing today marks the expiration of  
the six weeks' winter predicted by  
the groundhog in February. Weather  
conditions today are rather  
springlike.

Widening of the Wilmington road  
during the past year has neces-  
sitated a moving job for the orna-  
mental pillars marking the en-  
trance to the Country club. The  
work is in progress.

With Traffic increasing on Samp-  
son street, the new route of 422,  
the project of widening the turn at  
Grant and Sampson streets will  
probably soon be revived. This  
project is one that will be badly  
needed during the summer, it is  
evident.

Good week end driving brought  
many local motorists out on the  
highways on Sunday for the first  
long pleasure drive of the year.  
Long streams of traffic were noted  
on adjacent highways to the city.

A good sized hole exists in the  
pavement of East Washington  
street near the city line east of  
Cascade Park. A severe jolt is  
given to motorists traveling at  
night and it will be badly  
before their cars have reached it.

Today is the last day for filing  
income tax reports for 1947 and  
making payment, and also the last

## Navy Jet Planes Landed On Aircraft Carrier Deck

(BULLETIN)  
ABOARD USS BOXER, Off San  
Diego, Calif., March 15.—(INS)—  
The Navy—for the first time—has  
landed speedy jet fighter planes  
on an aircraft carrier's deck.

Two jets—FJ-1 Furies of Fighter  
Squadron 5—successfully landed  
and took off yesterday 15 times  
without incident.

The big question facing Com-  
mander Even P. (Pete) Aurand,  
the squadron's commanding offi-  
cer, and its executive officer, Lt.  
Commander R. M. Elder, was  
whether they could throttle down

their swift jets enough to be held  
by arresting gear cables.

The planes, which have a speed  
in excess of 550 miles an hour and  
a range of 1,500 miles, were landed  
with ease. Commander Aurand put  
his ship down at 116 miles an hour,  
approximately 30 to 35 miles faster  
than the landing speed of conven-  
tional-type planes.

After Aurand's plane snagged  
landing hook No. 1, it rolled to a  
stop about 100 feet from the end  
of the 888-foot deck.

Elder, following Aurand, on the  
No. 2 wire, made just as successful  
a landing.

Committee Of Congress  
Says Taft-Hartley Law  
Seems To Be 'Working Well'

By PHILLIPS J. PECK  
(U. S. Staff Correspondent)  
WASHINGTON, March 15.—The  
joint congressional "watchdog"  
committee on the Taft-Hartley law  
reported today that the six-month-  
old labor statute is "working well"  
and shows no need of amendment  
at this time.

Organized labor's continuing  
criticism of the legislation was  
dismissed as of "a general nature"  
and not constructive.

A "progress report" of the Sen-  
ate-hour group said some con-  
sideration had been given to  
amending the law to exempt "par-  
ticular activities of regularly cir-  
culated newspapers" from the acts  
on union political expenditures.

Await Court Ruling  
However, the committee said  
nothing will be done until the  
courts have ruled on the section.  
Such a test is now in progress.

CIO Philip Murray was indicted  
after the CIO News endorsed the  
candidate of Rep. Edward A. Gar-

May Never Reach  
Plane Victims  
Alaska Mountainside May  
Permanently Hold 30  
Victims Of Saturday  
Crash

DISASTER OCCURS  
AT REMOTE POINT  
ANCHORAGE, Alaska, March 15  
—(INS)—Civil Aeronautics offi-  
cials believed today a remote  
mountainside in Alaska will for-  
ever hold the 30 victims of a North-  
west Airlines DC-4 transport crash  
—Alaska's worst.

The weather prevented a heli-  
copter flight yesterday to investi-  
gate possibilities of reaching the  
crash scene, halfway up 16,000-foot  
Mt. Sanford, the fourth highest  
peak in Alaska.

But other fliers Saturday  
brought back word a plane land-  
ing is virtually impossible and that  
an active glacier would bury the  
wreckage before a ground party  
could reach it, and endanger the  
party itself.

Airliner Crashed  
The airliner, with its crew of  
six men, crashed on a special char-  
tered flight while bringing 24 crew  
members of the Tanager Sunset  
from Shanghai, China, to New  
York.

It was NWA's first disaster in a  
year of flights to the Far East. The  
ill-fated liner left Anchorage, 200  
miles northwest of Mt. Sanford,  
early Saturday on a hop to Edmon-  
ton, Alta., and apparently flew into  
a narrow "box canyon" with jagged  
walls from which the pilot could  
not fly out.

The ship crashed into a sheer  
wall at the end of the canyon at  
11,000 feet elevation and plunged  
burning to the glacier floor, 3,000  
feet below.

Neshannock Firemen  
Will Meet Tuesday  
Neshannock Township firemen  
will have their regular meeting on  
Tuesday evening, March 16, at  
7:30 o'clock in the fire station, for  
a discussion of pertinent business.

At this time, final plans will be  
made for the oyster supper on Fri-  
day evening, in the fire hall, an  
annual event to which the public  
is invited.

BRITAIN PUTS BAN  
ON WAR MATERIALS  
LONDON, March 15.—(INS)—A  
British government spokesman  
said today that Great Britain will  
not permit the export of "war-like  
materials" to any Communist-domi-  
nated country.

The spokesman, Foreign Affairs  
Under Secretary Christopher May-  
hew, made the statement in a re-  
sponse to a question in the House  
of Commons.

## Salary Increases For City Teachers Given Approval

Board Approves New Salary  
Schedules At Special  
Meeting Saturday  
Night

### SCHOOL MILLAGE WILL STAY AT 20

New Castle's school tax levy  
for the school year of 1948-49 will  
be twenty mills, the same as it has  
been for several years.

At a special meeting of the  
Board of School Directors Satur-  
day night, the board approved the  
budget, set the tax levy and  
granted salary increases to all pro-  
fessional and non-professional em-  
ployees, janitors and clerks get

\$2.50 per month increase. Hourly  
employees get 7 1/2 cents per hour  
increase.

The increase to the teachers is a  
somewhat complicated schedule  
which takes into consideration  
educational background, experi-  
ence and rate of compensation  
for the current year. Without a  
complete copy of the schedule it  
is not possible to point to any par-  
ticular salary and come up with  
the right answer. It is possible to  
give a general idea.

"Across the Board"  
One portion of the increases  
granted is a \$50 salary adjustment  
or a "cost-of-living bonus" granted  
to every teacher in the system. The  
mandated increment provided for  
by law will be added, except in  
some cases where the current sal-  
ary is above the mandated salary,  
in which case an increase less  
than the mandated increment of  
\$150 is given. In a few cases the  
over-all increase to teachers, in-  
cluding the state mandated incre-  
ment will amount to approximately  
\$500. These are a few exceptional  
cases.

These increases occur in cases  
of teachers with many years ex-  
perience who have come into the  
school system in recent years but  
who were given credit for less ex-  
perience than they had.

The salary schedule adopted  
Saturday night is a new schedule  
of minimum salaries. The follow-  
ing figures show these minimums,  
but do not show the actual salary  
paid in many cases. This is explain-  
ed later in this article.

Marshall Says  
Situation Worse  
WASHINGTON, March 15.—  
(INS)—Secretary of State Marshall  
told congress today that the situa-  
tion in eastern Europe is "far  
more fateful now than it was one  
year ago" when the United States  
first went to the aid of Greece and  
Turkey.

Marshall urged speedy approval  
of an additional 275 million dol-  
lars in Greco-Turkish military aid.  
The secretary accused Yugoslavia,  
Albania, and Bulgaria of "flouting"  
the United Nations resolution  
against the aiding Communist  
guerrillas in Greece.

YOUNGSTER MEETS DEATH  
SHARON, Pa., March 15.—(INS)—  
James Jones, 13, of Reynolds  
Village, near Sharon, was fatally  
injured when struck by a car near  
his home Sunday, the coroner's  
office reported today. The boy was  
playing with his dog on the road  
when the accident occurred.

Boys Divisions Open Y. M. C. A. Drive  
Rev. J. N. Holder (left), pastor of the Savannah Methodist  
church, pronounces the invocation as the boys divisions in the  
Y. M. C. A. membership drive opened their campaign at a dinner  
held in the Association building Saturday night. Others standing  
include, left to right, David Gatrall, boys' work secretary, S. Glenn  
McCracken, general chairman of the campaign, and Robert L.  
McCracken, general secretary of the branch.

Chairman McCracken presided at  
the meeting and delivered an in-  
spiring talk to the 50 youngsters  
who today launched their canvass  
for new members. The goal this  
year is 1,200 men and boys.

Bill Belph is chairman of the  
Blue division, with Phil Greenberg  
serving as Red division leader.  
Team captains with the Blues in-  
clude Lee Pears, Bill Hares and  
Ebert Seeger. Red captains are  
Dal Matthews, Jim Doone and Joe  
Masters.

Mr. McCracken announced that  
he would personally present the  
winning boy with a baseball glove  
at the conclusion of the drive.  
Great spirit and friendly competi-  
tion was evidenced among the ju-  
nior members.

## Hunt Dismembered Torso Of Woman In Vicinity Of York

YORK, Pa., March 15.—(INS)—  
An eerie search for the remains  
of a woman's dismembered torso  
was being pressed today in the  
tangled woodlands of southern  
York county by state police follow-  
ing the discovery of a severed  
arm.

More than 100 residents of Air-  
ville, near where the gruesome  
discovery was made, joined in the  
search, as physicians stated the  
arm was that of a woman over 25  
years of age.

Prison Sentence  
Is Imposed Upon  
Maj. Gen. Meyers

WASHINGTON, March 15.—  
(INS)—Maj. Gen. Bennett E.  
Meyers was sentenced today to  
serve from 20 months to five years  
in prison for inducing Briot La-  
marre to lie to a senate committee  
and was ordered committed to jail  
immediately.

Refuses Bail  
Federal Judge Alexander Holt-  
zoff in refusing to grant Meyers  
freedom on bail pending appeal as-  
serted that there had been "insinua-  
tions and intimations" by defense  
counsel during the trial that the  
government's key witness was  
"blackmailing" Meyers.

Meyers, ex-deputy chief of air  
force procurement, took the sen-  
tence without show of emotion.  
Judge Holtzoff denied defense  
motions for a new trial, declaring  
he was "surprised" at statements  
by Meyers' counsel.

Convicted Friday  
Chief Defense Attorney Robert  
Bushnell charged that the judge  
had shown "impatience" in conduct  
of the general's trial.

A jury last Friday convicted  
Meyers of inducing Lamarre to  
perjure himself before a senate war  
investigating subcommittee prob-  
ing the general's connection with Avia-  
tion Electric Corp., a Dayton (Ohio)  
war contracts firm.

Meyers was alleged to have net-  
ted more than \$150,000 from his  
connection with the firm he said he  
established because Mrs. Lamarre  
was his "girl friend".

The maximum sentence under  
the three counts on which Meyers  
was convicted was 30 years.

STATE POLICEMAN SHOT  
ERIE, Pa., March 15.—(INS)—  
Pvt. Chester R. McFarland of the  
Pennsylvania State Police was in  
serious condition today after be-  
ing accidentally shot by his son,  
George, 18, as the latter examined  
a souvenir 25 caliber Spanish pis-  
tol last night. The bullet lodged in  
the officer's liver.

LAKE SUCCESS, N. Y., March

to support the proposed investiga-  
tion of Russian intervention in  
Czechoslovakia today underlines  
what may be the most crucial week  
in United Nations' history.

The Security Council, still strug-

issue, is now faced with the Chil-

coup in Czechoslovakia be aired  
this week.

Double Barreled Problem  
Many delegates at Lake Success  
feel that the world organization is  
confronted with a double-barreled  
problem that may effect the UN's  
very existence.

The U. S. stand on Czechoslo-  
vakia, informed quarters say, was  
taken with the full awareness that  
it might plunge the council into a  
virtual showdown with the Soviets.

On Wednesday afternoon, the  
council will decide whether the  
Chilean request is valid. Seven of  
the eleven member nations must  
vote favorably for the issue to be  
placed on the agenda.

Chile has specifically asked that  
the council investigate the Prague  
coup and establish whether Rus-  
sia's alleged part in the Commun-  
ist seizure of state was a threat to  
the peace.

Spain Seeks To  
Be Included In  
Marshall Plan

PARIS, March 15.—The sixteen  
Marshall plan nations of western  
Europe faced the problem today of  
whether to include Spain in their  
anti-Communist bloc.

The meeting under the shadow of  
the Communist coup in Czechoslovakia  
and increasing Soviet pressure on  
Finland, the Democratic states  
were confronted by a Portuguese  
demand that Franco Spain be  
granted American economic aid as  
an ally against Russia.

Spain Urging Demand  
Dictator Franco was reliably re-  
ported to have instructed his bro-  
ther, Nicolas, Spain's ambassador  
to Lisbon, to urge Portugal to pre-  
sent the demand.

## Quit Work As Protest Against Lack Of Pension

Strike Effect Felt To Great-  
est Degree In Western  
Pennsylvania

### STEEL CO. MINERS ARE HARDEST HIT

BULLETIN  
By JIMMY JORDAN  
(U. S. Staff Correspondent)  
PITTSBURGH, March 15.—  
(INS)—At least 165,000 of the  
nation's 400,000 bituminous coal  
miners were on strike today as  
a wave of protest walkouts  
spread through at least eight  
states.

PITTSBURGH, March 15.  
—More than 70,000 bituminous  
coal miners were idle to-  
day as a wave of protest  
strikes spread over at least  
four states, and possibly at  
least eight.

While figures mounted hourly as  
reports of additional walkouts over  
failure of operators to establish  
pension funds were received, there  
were idle:

33,000 in Western Penna.  
At least 33,000 in western Penn-  
sylvania.  
About 20,000 in Kentucky.  
An estimated 9,000 in Illinois.  
More than 3,000 in northern West  
Virginia.

The figures, United Mine Work-  
ers officials said, were not com-  
plete and an overall picture of  
conditions was not expected until  
later today, when night shifts are  
due to enter the pits.

There were unconfirmed reports  
of additional members of the UMW  
on strike in Ohio, Indiana, Ala-  
bama and Tennessee.

Daily production loss in western  
Pennsylvania alone was around  
100,000 tons. No estimates of  
losses were announced in other  
states.

Miners In Protest  
The miners were protesting fail-  
ure of the operators to develop and  
put into action a pension plan  
which would give those over 60,  
with 20 years experience, a monthly  
stipend of \$100.

Figures mounted hourly as addi-  
tional reports of struck mines were  
received by operators and by UMW  
district officials.

Hardest hit by the walkouts were  
U. S. Steel Corp., Jones & Laugh-  
lin Steel Corp., and Republic Steel  
Co.

Report 58 Dead  
In Latest Clashes  
In Palestine Area

JERUSALEM, March 15.—(INS)—  
Bitter fighting in the Holy Land  
left 58 Jewish and Arab dead to-  
day.

Heaviest fighting took place in  
southern Palestine Sunday, where  
Arabs besieged the isolated Jew-  
ish village of Gath.

Haganah reinforcements, sum-  
moned by flares and rockets,  
rushed to the scene with 14 arm-  
ored cars. The Arabs, having made  
the settlement untenable by de-  
stroying its water pipeline, fought  
only briefly before fleeing.

The pursuing Haganah forces at-  
tacked at the Arab village of Falu-  
li, not far away. They blew up  
the village city hall and demol-  
ished ten houses in the battle.

All told, thirty-nine Arabs and  
sixteen Jews were killed, and 42  
Arabs and ten Jews wounded dur-  
ing the action.

So you hopped out of bed with  
a dismal face and a series of nasty  
cracks, for this is the day, or may-

income tax. How much did you  
make in forty-seven, how much did  
you give away, how much did you  
forget to include, and what do  
you have to pay? You think it's  
tough, well maybe it is, but friend  
did you ever pause to reflect, you  
were lucky to make the dough. So  
shell it out and endeavor to smile.  
It may ease the pain when you

# Clamps Lid On U.S. Records

WASHINGTON, March 15.—(INS)—President Truman clamped a firm lid today on all government files and records, directing that even Congress not be permitted to have access to such information.

The chief executive informed all officers and employees of the executive branch of the government that hereafter no subpoenas or requests for information in government files shall be honored except upon approval by the president.

Mr. Truman ordered: "There shall be no relaxation of the provisions of this directive except with my express authority."

The president issued the orders by making reference to the employee loyalty program.

He said that the "efficient and just administration" of the program "requires that reports, records, and files relative to the program be preserved in strict confidence."

Before turning the evening over to Mr. Harris, Mr. Riggins read an original poem, which touched on some of the highlights of Mr. Bowman's long career at railroad.

A number of telegrams of regret were read from various officials of the company who were unable to be present, but who extended their best wishes to Mr. Bowman and wife, in their coming years of ease to which they are entitled.

# Extend Felicitations

Expressions of goodwill were given by Mayor John F. Haven and Charles E. Allen, who were special guests, and good wishes were extended by the various department heads and friends from the B. and O. system, who have worked with Mr. Bowman.

They included: J. G. Clare, of the trainmen; S. H. Rhoads, freight agent; S. A. O'Neill, terminal trainmaster; S. E. McCafferty, general foreman; Frank Doyle, engine house foreman; Andy Sarbo, water station repairman; Walter B. Andrew, of Akron, water station foreman; W. N. Clay, of Akron, general chairman of the M. and W. organization; William Mort, general yardmaster; Charles Gee, yardmaster; Robert Jameson, of Akron, master carpenter; Richard Giddens, president of the veterans organization; Division Engineer Guy Long, of Akron, O.; and M. H. Beard, assistant division engineer.

# Presented With Chair

Mr. Beard, in concluding his remarks, presented Mr. Bowman with a nice easy chair, in which he can relax a lot in the days to come, and Mrs. Bowman, with a lovely orchid corsage. These were made in behalf of Mr. Bowman's fellow employees.

Fellow employees of Mr. Bowman were introduced. They included: Dan Quinn, John Augustine, John Marco, Pete Russo, Sam Mattes, J. G. Franko, Ralph Pecar, Steve Orlando, J. G. Nutta, F. Canister, Jr., A. J. Canister, and G. T. Franko.

The invocation and benediction were given by William R. Ronk, a fellow employee.

The committee which arranged the affair was composed of Andy Sarbo, J. G. Franko, John Augustine, Dan Quinn, Ralph Pecar, G. T. Franko, and J. W. Riggins.

# EFFORTS TO AVERT PACKING PLANTS STRIKE CONTINUE

(Continued from Page One)

tion by midnight tonight or the offer will be "completely withdrawn" and the strike go on as scheduled.

If the strike becomes effective, Charles H. Bromann, Jr., executive secretary of associated food dealers, predicts that meat supplies in retail stores will be running low by next week-end.

Twenty thousand of the workers who would strike are employed in Chicago plants.

With approach of the strike deadline, the Chicago police department completed preparations for placing one-third of the force, or 2,478 men, on 24-hour duty for patrolling the stockyards area.

Three 10-hour overlapping shifts have been ordered with 826 men on active duty during each.

The winter of 1946-47 was the worst seen in England for 70 years.

# SALARY INCREASES FOR CITY TEACHERS GIVEN APPROVAL

(Continued from Page One)

Nine years experience, \$2550. Six to nine years experience, \$2400. Three to six years experience \$2250 per year.

College Certificate teachers (Bachelor's degrees). Nine years experience, \$2800 per year. Six to nine years experience, \$2450. Three to six years experience \$2300 per year.

Masters' degree, teachers. Nine years experience, \$2800 per year. Six to nine years experience, \$2650 per year. Three to six years experience \$2500 per year.

It should be kept in mind that the above figures are minimums, under which the board will not go. Actual salaries paid for the coming school year will be more.

To cite a concrete example, A Master degree teacher is receiving for the 1947-48 school year \$2900. For 1948-49 the total salary will be \$3050. This includes the \$50 cost-of-living bonus and an adjustment of \$100.

# Experience Counts

A number of teachers have come into the system from other systems with many years of experience. Under the state law the board did not have to consider the years of experience. As a matter of fairness it did, but the number of years experience allowed to arrive at a salary figure varied. Under the new schedule adopted, previous experience will be counted when a teacher comes to the system and in no case shall he or she be paid less than the schedule seen above.

The salary issue has been one which has been given much attention in the past few years. In 1947 the General Assembly passed a new salary schedule which raised minimum salaries. It also adopted a one salary schedule, that is equal pay for equal training and experience. Previously there had been three schedules, one for elementary, one for junior and one for senior high schools. Now the mandated minimum for beginners is \$2000. Before 1947 it had been \$1400 for elementary teachers, \$1300 for junior high teachers and in the case of New Castle the starting salary for senior high school was \$1400. The New Castle scale was above the state mandate.

# Adds \$30,000

The new salary schedule adds about \$30,000 to the budget figure of \$971,030 for instructional purposes. This means that for teachers, supervisors and principals, and class room supplies the cost for 1948-49 will be about an even million dollars. The state will reimburse the district in the amount of \$434,000.

In order to absorb the salary increases a proposed \$20,000 set aside for land purchases is abandoned and \$10,000 will be cut from proposed maintenance costs.

The budget is now approved. Before it can be adopted it must be displayed in public for twenty days.

# COMMITTEE SAYS TAFT-HARTLEY LAW "WORKING WELL"

(Continued from Page One)

tinued to study the political prohibitions amendment "if experience demonstrates that they prohibit political activity which may be desirable."

Sen. Ball (R) Minn., committee chairman, said an exemption for "regularly circulated newspapers" might apply to many union publications where subscriptions of the members are earmarked and separate from their union dues.

The Senator indicated it might not cover newspapers supported wholly by union funds and sent to all members regardless of whether they subscribe, or in cases where extra copies are distributed in an election campaign.

Without Undue Hardship

The committee reported said the Taft-Hartley law is operating "without undue hardship upon employer or employee" and many of its provisions are "discouraging strikes."

Ball's group admitted, however, that the real test of the act now is approaching in the renegotiation of contracts in large, basic industries. The committee said it will be "very much interested in watching the strike picture through the spring."

Major findings of the Senate-House investigators on the first half-year's operation of the act were:

- 1. Elimination of Communists from official union posts is one of the law's "most pronounced and significant effects."
  - 2. Secondary boycotts and jurisdictional strikes are decreasing.
  - 3. Wages have not suffered through operation of the law.
  - 4. Many unions have made substantial gains in membership.
  - 5. The law has proved an adequate remedy for many abuses Congress sought to correct and "unions are coming to the bargaining table with a more reasonable attitude."
  - 6. Rights of individual workers have not been suffered.
- Four democratic members of the committee—Sen. Murray of Mont. and Pepper of Fla., and Reps. Lesinski of Mich., and Kelley of Pa.—vigorously objected to the majority report.

shortly after his arrival this morning, reportedly to discuss ways to head off the movement to invite Spain to the conference.

(State department officials have indicated that the question of Spanish participation in the European recovery program is up to the European nations.)

Some Support Spain

French officials said that Portugal has not yet notified the conference of its proposal for Spanish participation. But the Portuguese indicated they intend to "remain firm" in their demand.

They were strengthened by a statement by Eire's foreign minister McBride that Ireland "will not oppose" Spain's admission. Greece and Turkey were also reported to favor inviting Spain.

But Spanish Republican sources and President Jose Aguirre of the Basque exile government protested that admission of Dictator Franco's regime would be "a boon to Communist propagandists throughout the world."

The conference, which opens this afternoon, will be concerned primarily with organizing the economies of the 16 states to make the most effective use of American aid in bolstering their resistance to Soviet penetration.

## Edgar-Brash Nuptials Solemnized In Lakewood, O. Chapel Saturday

Beautiful simplicity marked the wedding in Lakewood, O., Saturday afternoon, March 13, of Miss Helene Woodworth Edgar to Frederick Lawrence Brash, also of Cleveland.

The impressive candlelight ceremony was solemnized at 2:30 o'clock in the Yoder Memorial chapel of Lakewood Methodist church, with Dr. Harold F. Carr officiating. Guests numbering 100 included relatives and close friends from New Castle, Pittsburgh, Cleveland, Lakewood, Barberton, Akron and many other cities. Favorite nuptial music lent an appropriate background.

Given in marriage by her father, Prothonotary John A. Edgar, the bride was lovely in her wedding gown of ivory silk crepe and chiffon, fashioned modestly, with plain bodice, high neckline, full gathered skirt and three-quarter length sleeves. Her double fingertip French illusion veil fell from a braided bandeau, and her only jewelry was a single strand of pearls. She carried a cascade bouquet of Johanna Hill roses and maiden hair fern, tied with ivory satin ribbon and maline.

As her only attendant, the bride's younger sister, Miss Marylou Edgar, of Westminster College, was girlish in a plain formal of petal pink silk tulle. It was made with tight bodice and hip length yoke, from which the skirt fell in soft folds. Folds of pink maline formed a shoulder cape and head-dress with tailored bow. Her cascade bouquet of Brier Cliff roses and maiden hair fern, tied with pink satin ribbon and maline completed the ensemble.

Leslie O. Brash, of Barberton, O., was his brother's best man. Ushers were the Messrs. Walter Klein and Dare Meacham, of Barberton, O.

Following the ceremony, a reception was held in the spacious rooms at "Elmhurst," on Lake Erie, 12574 Lake avenue, Lakewood, O., where the bride has resided since going to Cleveland.

Receiving the guests were Mrs. John A. Edgar, the bride's mother, Mr. and Mrs. Frederick Brash, of Barberton, O., the groom's parents, Mr. Edgar, the bride and groom and Miss Marylou Edgar.

In the dining room serving the

wedding cake was Mrs. Eugene J. Kennedy, of Pittsburgh, an aunt of the bride. At the coffee service, Mrs. Leslie O. Brash, sister-in-law of the groom, presided. Other aides were: Miss B. Jean Watkins, of Clarkston, Ky., formerly of Franklin and New Castle, the Misses Betty Shull and Alice Hons, roommates of the bride, and several other young Cleveland friends.

Correlating chapel simplicity, where tall silver standards filled with white gladioli, snapdragons, stock and fernery, were used, decorations at "Elmhurst," predominated in green and white. Mrs. Harold R. McCulloch, of State College, Pa., formerly of New Castle, who is a cousin of the bride, planned and carried throughout the decorative scheme. Her artistry was particularly effective in the landscape window arrangement of the bridal table, with the broad expanse of lake in the background.

The table was laid with a beautiful hand-embroidered linen cloth, centered with the large tiered cake, topped with white wedding bells, and surrounded by white flowers and maiden hair fern. Either end held crystal candelabra with lighted Cathedral candles. The other large table was laid with a sheer lace cloth centered with a mound of gladioli, snapdragons and stock, with silver service.

Later in the afternoon, Mr. Brash and his bride departed on a wedding trip, concluding which they will be "at home" after April 1, at 1368 West Boulevard, Cleveland, Ohio.

The new Mrs. Brash is the daughter of Prothonotary and Mrs. John A. Edgar of 117 E. Sheridan avenue. She is a graduate of New Castle high school, and attended Westminster College, class '44. She is a member of Chi Omega sorority and Pi Delta Epsilon national journalistic fraternity. On campus, she was active on the Holcad staff, and in Little Theatre production. While here, she was a leader in Girl Scout work, having the Senior Service troop for several years. In Cleveland for the past three years, she has been a member of Life magazine staff of Time, Inc.

Mr. Brash is the son of Mr. and Mrs. Frederick Brash of Barberton, O. He was graduated from Barberton high school and later served for three years in World War II, as an engineer in the Pacific area. He is now associated with Diesel Division, General Motors Corporation, in Cleveland, as a design engineer.

Both young folks are widely and popularly known, as evidenced by several pre-nuptial showers in Cleveland, Lakewood, Barberton and New Castle. Many handsome and useful wedding gifts were on view for guests at "Elmhurst."

## KOLONIE-YANKUSH CHURCH CEREMONY

St. George Greek Orthodox church was the scene of an impressive wedding Sunday afternoon at 5 o'clock when Miss Valentine Kolunie, daughter of Mr. and Mrs. James Kolunie of 349 Shaw street, became the bride of Peter Yankush, son of Mr. and Mrs. Thomas Yankush of 67 Woodbine avenue, Youngstown. Palms and ferns banked the altar and lighted candles in tall candelabra formed the setting for the exchange of vows.

Officiating at the exchange of nuptial vows was Rev. Anastasios Patrikos, assisted by Rev. Papageorge of St. Nicholas church, Youngstown.

The bride wore a gown of lustrous ivory satin fashioned with triple folds of satin around the off-the-shoulder neckline below a yoke of sheer marquisette centered with a head embroidery medallion. The sleeves were long and fitted and the skirt fell into a long train below a graceful triple-tiered bustle. Her veil of illusion fell from a satin band intertwined with pearls and she carried a bouquet of white roses centered with an orchid.

As maid of honor the bride's cousin, Miss Mildred Kolunie, wore a gown of pink marquisette and lace in a style similar to the bride's, wore a bandeau of pink roses and carried a bouquet of pink roses and blue carnations.

Bridesmaids, the Misses Winifred Kishart, Lucretia Kostianes of Albion, Mich., and Alice Costas of Camden, N. J., wore off-the-shoulder hoop skirt gowns of spring green taffeta with headbands of yellow roses and carried yellow roses.

Nicholas Costas of Youngstown served the groom as best man and ushers were John Kolunie, George Anderson and George Flotos of Youngstown.

Two songs were sung by Harry McOwen, "Because" and "I Love You Truly" accompanied at the organ by Miss Helen Papazickos.

Following the ceremony there was a reception and dance in The Castleton with dinner served to 250 guests. A large wedding cake was a feature of the bride's table. Two friends of the young couple, Nick Andritsakos of Washington, D. C., and Conway Bird of Youngstown, acted as masters of ceremonies for the evening.

Mr. and Mrs. Yankush left by car on a wedding trip to Florida and upon their return will take up residence at 1107 Wick avenue, Youngstown.

Mrs. Yankush graduated from New Castle high school and Mr. Yankush from Rayen high school in Youngstown. He served two years as a cadet in the AAF and is engaged in business in Youngstown.

## DINNER HONORS SILVER WEDDING

## EVENING SHOWER

## FOR NEWLYWEDS

Mr. and Mrs. Harold Wigton of the Ellwood-New Castle road in their home on a recent evening honored Mr. and Mrs. Carl Barbour, nee Mary Aiken. The occasion was also Mrs. Barbour's birthday.

Games, music, and chat were diversions and the highlight of the evening was the presentation

of a shower to the newlyweds of useful gifts for the kitchen. At a late hour a lunch was served with the hosts aided by Mrs. Al Chee and Mrs. Paul Adams.

## Section G To Assemble

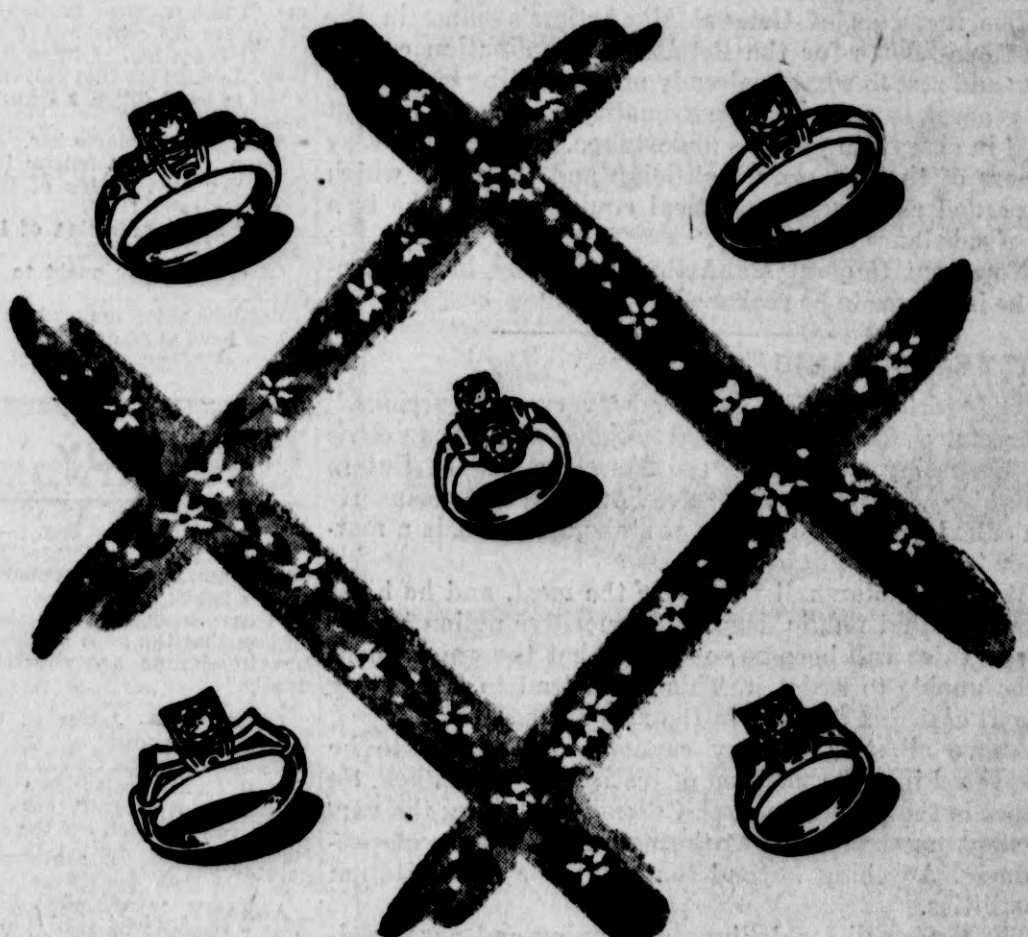

Section G of the Y.L.B. class of Third U. P. church will have an all day assembly and tureen luncheon Thursday, March 18, in the home of Mrs. John B. Moore, 1028 Beckford street.

## N.S.A. DINNER

## PROGRAM THURSDAY

March meeting of the New Castle chapter of the National Secretaries Association will be in the form of a dinner program in The Castleton at 6 o'clock Thursday evening, March 18. Speaker will be Mrs. Roy A. Long whose subject will be "Parliamentary Law."

LOOKING AT  
LIFE

(Continued from Page Four)

ness trip, or an emergency trip to a sick relative.

You take out your suitcase. It's broken.

So you go out and buy a new one. The price is about 50 per cent higher than it should be. Let us say ten dollars for a bag that is worth about six-fifty.

You grumble at the high price, but you grumble too soon. Instead of paying ten dollars for the six-fifty bag, you pay 12.

Two dollars is luxury tax, or "excise tax", as it is officially called. (I just looked up the word "excise" in my dictionary. There are two definitions: 1) A duty or impost levied. 2) To cut out, as a tumor; the remove by cutting out; to erase; expunge; extirpate. I wonder which of the two definitions the government had in mind when they called it "excise".)

Since when is a suitcase or a trunk a luxury? Why should there be an excise tax on electric light bulbs? Why should you have to pay 25 per cent tax for every long distance telephone call? (Just the other day, when my brother-in-law died in San Francisco, we had \$30 worth of emergency calls and our tax on them was \$7.50. A luxury?)

Income taxes as they are now are bad enough. But there is absolutely no justice in these so-called luxury taxes. I have no objection to taxes on jewelry, night club bills, high-priced fur coats and the real luxuries.

But a trip, a long-distance phone call, a light bulb is often a dire necessity.

And ask any woman whether cosmetics, such as hand lotions, are a luxury.

No wonder my wife is burned up this morning.

THE WORLD AND  
THE MUD PUDDLES

(Continued from Page Four)

the sole purpose of playing this game.

These clubs were very simple affairs, some made entirely of wood and some having heads made of steel. There were not many clubs in a complete set even when Vardon and Ray were brought to the United States by A. G. Spalding Brothers to exhibit their game which was at that time the best, outstanding golf played in Great Britain. Vardon's set of clubs consisted of a driver, a brassie and a spoon, all wooden clubs; a cleek, a mid-iron, a jigger, a mashie, a niblick and a putter, all having steel heads.

Now, Vardon was looked upon, by all odds, as the greatest golfer in the world. His best score was in the 70's. I believe 72 was the best score he made in the United States—72 strokes in eighteen holes and the ball was played exactly where it came to rest after each shot, until it finally disappeared in the little hole in the green.

One Rule Of Game  
There is one rule of the game—a very ancient rule and a very strenuous one. It was: "The ball

must be played where it lies." It made no difference whether it was in a stone quarry, or in a wood-chuck's or a gopher's hole or in the rough high grass and weeds bordering the course, the ball should be played from that place. Lately, the last couple of years, there has been entirely too much "winter golf" played and "winter golf" permits the player to pick the ball up and play it no more than a club's length from where it lies and tee it up on a tuft of grass before he plays his next shot, and this privilege did not cost the player a shot. There is no question but that playing the game according to "winter" rules has accounted absolutely for the very low scores, particularly, those in the 60's.

The game has traveled a long ways in the last fifty years. Originally, you could purchase a very good set of clubs—three wooden clubs and six iron clubs for around Ten Dollars. Ten Dollars would cover the bill and the player carried them, if he had all nine of them, in a little canvas bag, or he employed what he called a caddy to carry his bag, who was usually paid the magnificent sum of seventy-five cents for the full eighteen holes, and the boys were glad to get it. Today the great golfers, or near-great or would-be great golfers possess an outfit—I saw one recently consisting of forty clubs, costing about Two Hundred Dollars, and a bag of beautiful leather—this one that I particularly saw, cost Five Hundred Dollars. And the boys would be surprised how many of the great golfers carry outfits nearly as expensive as this one of which I write.

Can't Get Caddies  
Golfers have found it almost impossible to obtain caddies to carry their clubs and they have been forced to buy little push carts used to carry the clubs and consequently they have to push this little cart around the course unless they are fortunate enough to find some boy or man to push it and you will see in and about the caddy house great bunches of these carts, perhaps as many as three hundred of them and they take some room. Before the advent of these carts it was costing the Clubs that were fortunate enough to have a bunch of caddies the sum of three to five dollars a round of eighteen holes, and these caddies were mostly young men.

In the old days in the British Isles nearly all of the caddies were men and a very interesting story is contained in a little volume known as "A Caddy of St. Andrews." One of the rules of the game is: "A player shall take no advice except from his caddy", and the old caddies at St. Andrews and the modern caddies—the few of them that are left—in many instances knew a great sight more about the game than the player. If a golfer today is an amateur, he belongs to at least one Golf Club or Country Club, the membership in which costs him, conservatively, anywhere from Two

PEP-PEP-PEPPERS  
Sometimes things do not taste very good. Perhaps the appetite is at fault. It might be that the food is rather tasteless.

This is where peppers help. Some of them are green, some are red and some are orange. They have a sharp spicy taste. They are crisp and crunchy. They do not provide much nourishment but have lots of vitamins. They look good. They taste good. They smell good. They make other things taste good.

## Finds Burglar In Terrace Ave. Home

John Hudak Jr. Encounters Intruder In Home Of Father Sunday Night

When John Hudak, Jr., and his family, went to visit his parents at 15 Terrace avenue, who had gone to church last night, he was faced with a burglar, gun in hand, who escaped.

Finding the home locked, Hudak, Jr., entered through a cellar door, then went up a stairway into the kitchen.

Hearing a noise upstairs, he started up, only to be met by an armed man, descending the stairway, who exclaimed:

"This is a hold-up, stand where you are!"

The young man fled, and the burglar went out the front door, admonishing the young man's family, who were standing on the front porch to "get out of the way".

The burglar fled.

He was described as about 5.8, 32 years old, heavy build, wore a grey overcoat, green hat and black shoes.

The upstairs had been ransacked, all blinds had been pulled down and the burglar had raised a first floor window to afford an escape.

### LUNCH PACKING TIPS

Lunch packing is a daily routine for many homemakers and the aim should always be a nutritious and attractive lunch. Here are a few tips. Be generous with the butter or fortified margarine in sandwiches. Spread it clear to the edges of the bread to make a tastier sandwich to accomplish this aim. Avoid having the filling soak into the bread. Wrap the lettuce separately in waxed paper to keep it crisp and to avoid a water-soaked sandwich. It is better to wrap it in a separate piece of waxed paper to keep it crisp. The child can eat it that way or put it in the sandwiches when he is ready to eat his lunch. Pie, cake or cookies, almost everything, should be wrapped in waxed paper.

Reservations in the kinds of sandwiches put in the lunch, prepare two or three fillings and use them alternately. They will keep for several days in the refrigerator. Include something crisp in the fillings, something to bite on, such as celery, pickles and relish, slices of raw carrot, green pepper or crisp lettuce.

Vary the breads used in sandwiches. Use brown bread, corn bread, whole wheat, raisin, nut, oatmeal, graham, rye, cracked wheat, soya or enriched white bread. The variety will make a pleasing difference in the sandwiches from day to day and the youngsters will enjoy their lunches much more. A thermos is an important part of the lunch box equipment. Hot chocolate and spiced tomato juice are both popular beverages to include. Clear hot bouillon makes a good drink for a cold or rainy day.

Favorite fruit for lunches are apples and bananas. Put in a thick chunk of cheese with the apple sometime if possible. A whole orange is refreshing also. Make the orange easy to eat by carefully cutting through the skin

only, from stem end to blossom end making about eight cuts around the orange. Start peeling back the rind, then wrap the whole orange in waxed paper.

Always plan the food to be used in the next day's lunch at least a day ahead if possible. Food will be fresher and taste better if the lunch is packed as late as possible.

Wash the lunch box thoroughly every day—especially the thermos. Allow the thermos to air when not in use. At least twice a week scald the thermos with boiling water to which one teaspoon of baking soda has been added.

Remember when packing the

lunch box to put the heavier things at the bottom in order to avoid crushing anything. Include a spoon or fork if it is needed.

Have hot foods piping hot when they are put into the thermos. Preheat the thermos with hot water. Otherwise the food will be only lukewarm when eaten several hours later.

## HAMM-GILFILLAN CHURCH WEDDING

At a pretty candlelight ceremony in the First U. P. church Friday evening at 6:30 o'clock, Miss Norma Laura Hamm, daughter of Mr. and Mrs. Edgar H. Hamm of 302 Meyer avenue, became the bride of James Harvey Gilfillan, son of Mrs. Mary Gilfillan, of R. D. 3.

Dr. A. H. Leitch of Grove City officiated before an altar embankment of palms and ferns flanked on either side by branched candelabra.

The bride wore a gown of white marquisette over satin, fashioned with a round yoke, outlined with lace ruffles. The long hoopskirt with a bustle bow in the rear and caught up in front with lace bows to reveal an inset of lace ruffles fell into a short train. Her long veil from a beaded ivory crown and she carried a colonial bouquet of white sweet peas centered with a white orchid.

As her maid of honor her sister, Miss Betty Hamm, wore a gown of pale chartreuse taffeta fashioned with a low round neckline, banded by a fold of the material. The full hoopskirt was caught up with tiny flowers to reveal a panel of ruffles. She wore a half-bonnet of white flowers and pale green net and white lace mitts, and carried a colonial bouquet of yellow roses and daffodils.

Bridesmaids, the Misses Pauline Miller, Barbara Post and Mary Gilfillan, in gowns of the same style as the maid of honor, but of pale blue taffeta, carried colonial bouquets of pink roses and pink carnations.

Arthur Lennig served his brother-in-law as best man and ushers were Robert Gilfillan and John Houston.

At the organ Miss Kathryn L. Newbury played favorite selections of the bride and the traditional processional and recessional music.

After the ceremony the bridal party formed a receiving line in the church vestibule to receive the guests' congratulations.

Later a wedding dinner was served to the bridal party and the two families at the Manse in New Wilmington.

Mr. and Mrs. Gilfillan left on a short wedding trip from which they have returned, and will take up residence for the time being with the bride's parents.

Both are graduates of New Castle high school. Mrs. Gilfillan attended New Castle Business college and is a bookkeeper in the office of the Manufacturers Light & Heat company. Mr. Gilfillan, who is studying law at Youngstown college, is a salesman for the Northwestern Vending company of Pittsburgh.

London Bridge club met in the home of Mrs. William Rech, Shenango road, for an evening of cards recently.

First prize went to Mrs. Thomas Grizzle, second to Mrs. James Smith, and the galloper to Mrs. John Young.

After playing the hostess served a lunch.

Next meeting will be April 1 in the home of Mrs. Emor Vaughn, Mattland lane.

Old Time Rebekahs  
Mrs. Ella Dunlap, North Cedar street, will entertain the Old Time Rebekahs at a 12:30 o'clock luncheon Wednesday, March 17, in her home.

## WOMEN'S ECCLESIAN CLUB HAS BREAKFAST

Women's Ecclesian club members gathered Sunday morning for their Communion breakfast in the Ecclesian club, which followed the 8 o'clock mass in St. Joseph's church, the entire group receiving Holy Communion in a body.

Rev. Fr. Francis C. Streiff, pastor of all yellow and white candles flanked the tables, which were nicely arranged for the occasion. Mrs. Wanda Zarilla president of the Women's Ecclesian club, presided.

Father Streiff in his brief talk at the breakfast pointed out that the prime reason of life was the salvation of the soul. "Keep in mind at all times," he said, "of the blessings of this world. Together with our fellowmen we should share their burdens and help to bring their happiness and joy. By association with others we use the things that God gave us. Therefore we should set an example by showing to others that we believe in the good things that Christians should believe."

Other guests present included: Miss Rita Leonardo, prefect of the Young Ladies Sodality of St. Joseph's; Mrs. Marie J. Metz, president of L. C. B. A. of St. Joseph's; Miss Clare Duff, treasurer of the Rosary Society and Mrs. Anna Duff, president of the Rosary Society and as honored guest Mrs. Anna Seger, one of the oldest members of the Ecclesian club, and now of Youngstown, Ohio.

Fr. Streiff closed with blessing.

## CEARFOSS-HOUK EVENING CEREMONY

Sampson street Christian and Missionary Alliance church was the scene of a beautiful candlelight double ring ceremony Saturday evening, March 13, at 6:30 o'clock, when the pastor, Rev. E. R. Truran, united in marriage Miss Maxine Cearfoss, daughter of Mr. and Mrs. E. L. Cearfoss, 320 Bell avenue, and Charles Houk, son of Roy Houk, R. D. 3, Pulaski road, and the late Mrs. Houk.

The bride, given in marriage by her father before the fern embanked altar of the church, wore a white slipper satin gown with a long train, lace embroidered, a sweetheart neckline and fingertip veil. Her only jewelry was a double strand of pearls, gift of the groom, and carried an arm bouquet of white calla lilies.

As bridesmaid, Miss Bella Cearfoss, sister of the bride, wore a yellow taffeta gown and carried a bouquet of pink roses.

Joseph Zeigler served the groom as best man.

During the ceremony, Joseph Proctor sang two selections, "Because" and "O Love That Will Not Let Me Go" and following the ceremony, "Through Life's Pathway". Piano accompanist was Mrs. Helen McEwen, who also played appropriate wedding numbers preceding the ceremony.

Immediately afterward, a reception was held in the home of the bride's parents for relatives and friends of the families. Lunch was served buffet style by Mrs. Cearfoss aided by Mrs. Robert Chappell and Mrs. Terry Wilson.

After the reception, the couple left for an undisclosed destination and expect to be at home temporarily at the home of the groom's father on the Pulaski road, until late in August when they expect to return to the St. Paul Bible Institute of the Christian and Missionary Alliance, St. Paul, Minn., where they are both enrolled.

Mrs. Houk was formerly employed at the Roberts Manufacturing company on Sampson street, and Mr. Houk is with the Fisher Brothers Dry Goods company.

### GRANDMA SIMS' BAD WEATHER HOOK-UP

## Around Hollywood

By JOHN TODD  
International News Service Staff Correspondent

**HOLLYWOOD, March 15.—(INS)**—Harry Sherman, the foremost producer of western movies, today admitted Hollywood has been holding back some truths about the early American west.

Sherman has manufactured 158 boss operas. In exactly 157 of the two-gun epics the hero was a teetotaling sobersides who was never debauched by so much of a chocolate malt special.

The king of the cowboy tintypes confided:

"He-men of the old American west were almost always two-flated guys who certainly did not sip their drinks side-saddle."

"One of the few 'authentic' western movies in history was a thing called 'ramrod.' Joel McCrea por-

trayed a ranch foreman who was a veritable topospot compared to the traditional yippy-yi-kayay hero."

**Asked To Write**

Sherman's disclosure was occasioned, he said, when a printing firm in Austin, Texas, asked him to write a chapter on drinking recipes and booze habits of American frontier days. The work will be part of an anthology of Americana which Alvin Taylor is rounding up.

A thorough-going student of the western frontier for 30 years, Sherman was picked on Editor Taylor's team because of his previous national magazine writings on the subject of the old west.

The man who has made 70 Hopalong Cassidy pictures went on:

**Poor Hopalong**

"I'll never be able to look Hopalong in the eye again. But actually, the hangover was an occupational hazard in some phases of early-day pioneering."

"Historians say that the white man brought tuberculosis and other pestilence with him in his westward hoing. He also introduced those inevitable sister benefits of civilization—the hangover and the morning-after shakes."

Sherman, currently preparing to produce the Bret Harte gold rush classic, "Tennessee's Partner," said that a drinking "recipe" was virtually unknown in the old west.

"Honest bourbon was staple," Sherman said, "and at that it wasn't very staple some of the time. It was a practice of the old frontier saloon-keepers to toss an unholy residue of chewing tobacco and old cigar butts into their bulk whiskey barrels to give body, flavor, and a certain delicate bouquet to the red-eye."

"It was not unusual for some venturesome soul to go into business with nothing more than a barrel of hooch and a shack."

"Of course he and his sordid trafficking were shunned by many frontier folk. Nevertheless he was an integral part of the western scene."

"Fancy drinks were usually considered duds. Any guy who entered a bar and called for exotic beverages was looked upon with suspicion."

**FILLING DUFFLE BAGS**

Mrs. John D. Kyle, R. D. 7, Mahoningtown, Pa., has already sent in a filled Duffle Bag to the Service Center in Maryland, in the overseas relief campaign being sponsored by the Lawrence County Sabbath School Association, and an additional order for two duffle bags has just been received from her at county Sunday school headquarters. The duffle bags are to be filled by the Bethel U. P. Sunday school of Mt. Jackson district and after they are sent in to the service center to be cleaned, repaired and otherwise processed, will then be sent to the needy in countries overseas.

## British Papers Support Western Europe Union

**LONDON, March 15.—(INS)**—British newspapers, commenting on today's opening session of the Paris Marshall plan conference, were almost unanimous in calling for a powerful western European union to oppose Russian expansion. The Daily Telegraph editorially urged an immediate formation of a United States-backed strong western bloc.

Said the Telegraph:  
"Relations with Russia are worse

today than they were with Germany in 1939. The nations of western Europe are in grave danger."

The Telegraph said the proposed union must be strong enough to attract countries like Sweden, which, the paper said, was directly menaced by the Soviets.

The Daily Mail warned that "only if the west moves swiftly can the peace be preserved."

The Daily Graphic stated editorially that the Paris conference should not limit itself to economic considerations, adding:

"In the east a new Russian empire organizes. Asia is encamped in the heart of Europe. Every-

where throughout the free countries of the west, the communists seek to undermine the bases of recovery."

## Proposed Changes In Rural Schools Heard By Pomona

County School Superintendent Syling Explains Modified County Unit To Grangers

John C. Syling, county superintendent of schools, explained in a very thorough manner the proposed administrative units and larger attendance areas in schools of the county to members of Pomona grange as they assembled Saturday in Liberty grange hall.

Mr. Syling, speaking before the afternoon session of the county grangers, showed how the school population in Lawrence county has fluctuated in the various districts. He stated that with a modified county unit, it would be easier to get instructors in the rural areas. All fourth class districts would become as one unit with one school board. The school head pointed out that the act set up by the legislature is to provide an equalization or tax board set up to make study of assessed and real valuation. He concluded that this new system would eliminate the expense of employing so many tax collectors, secretaries, treasurers and auditors. The combined area as proposed in the county were outlined.

**Patterson Presides**  
The meeting of Pomona got under way during the morning, with Worthy Pomona Master Glenn Patterson presiding, with the morning hours devoted mostly to transacting of business. Robert Jamison, master of the host grange, extended words of welcome to the assembled group, with Irwin Ropp of New Bedford grange responding.

Concluding feature of the morning session was the roll call of the subordinate officers of the various granges, with their attendance to be scored in a contest.

Mr. Syling's address in the afternoon was preceded by a number of orchestra selections by the Liberty grange orchestra under the direction of Mrs. A. C. Eakin. A playlet, "Sure Cure For Falsehood," was participated in by Mr. and Mrs. Everett McConnell and Robert

Jamison. Al Francis was heard in behalf of the Farm Hour.

### Resolution Adopted

Two resolutions were adopted by the grangers during the meeting. The grange opposes the repeal or reduction of the ten per cent tax on oleomargarine that is colored yellow to resemble butter and a resolution favoring the Capper bill was adopted.

Awards were given to the juveniles of Liberty grange as winners of the membership contest and increased attendance contest. East Brook and Liberty granges received awards in membership gain contest.

Master lecturers and juvenile matrons of the various granges plan to attend the leadership conference at Bloomsburg March 22 to 24. This is planned under the supervision of the state grange officers with State Master W. Sharp Fullerton in charge. The youth of the granges will hold a St. Patrick party at Pleasant Hill grange on March 17.

On April 13, the first of the recording hand traveling programs will be held at Mahoning grange. The program will be given by Wilmington grange. A banquet for the seventh degree members will be held in the Cathedral April 14. The next regular meeting of Pomona grange will be held Wednesday, June 2, at Wilmington grange.

### PERSONAL

## Truman Will Confer On New Policies

WASHINGTON, March 15.—(INS)—Authoritative congressional sources forecast today that before President Truman announces any new policy to halt Soviet expansions in Europe he will confer with Republican and Democratic leaders of congress.

Mr. Truman's St. Patrick's day speech in New York Wednesday is expected to be a "major" address. But there was no definite word that he would use this opportunity for a strong declaration aimed at halting further communist expansion.

The White House was said to be examining every aspect of what is regarded as a "very serious" international situation before the president makes any further statement. One responsible informant doubted that Mr. Truman would say anything on the subject before next Monday.

Monday is the normal day for congressional White House conferences.

## QUIT WORK AS PROTEST AGAINST LACK OF PENSION

(Continued from Page One)

Co., U. S. Steel subsidiary, were idle. Production loss was estimated at 40,000 tons daily—or two-thirds of the company's normal output—as 7,000 workers refused to enter the pits.

All five mines of Jones & Laughlin, employing 4,600 miners and producing 19,000 tons of coking coal daily, were closed.

Three mines of Republic Steel were idle, nine of Pittsburgh Coal Co. and five of Hillman Coal & Coke Co. were among others closed.

In Illinois, 12 mines, employing 7,000 men, were strikebound in Franklin county, the state's largest coal-producing county.

Had Not Spread Yet  
The wave of strikes apparently had not spread to other coal producing states, however, early surveys indicated.

UMW officials in Alabama said production in the Birmingham area had not been affected. There were no reports of shutdowns from Kentucky, Ohio or Indiana.

Walkouts in the Frick mines were expected to cause steel production curtailments in U. S. Steel plants within ten days, a spokesman said.

Operators and steel companies feared the strike would spread to all United Mine Workers' diggings quickly, bringing on a general strike.

The Sunday meetings were called following a statement last week by United Mine Workers' Chief John L. Lewis that the miners' contract, executed last July 8, had been "dishonored" and "defaulted" by the operators.

But just how widespread the walkout would be could not be determined until after day shifts report. Few mines have Sunday night shifts.

St. Vitus Holy Name Society Has Breakfast

Speakers Program Contains Varied Subjects For Pre-Easter Communion Event

Three hundred members of the St. Vitus Church gathered in one of the largest Communion gatherings in a body at the 7:30 o'clock mass, Sunday morning at church. Rev. Fr. Nicholas DeMita, pastor as celebrant also preached the timely sermon. His topic was "He Who Does Not Listen to the Words of God Is Not With God."

The group were served a delicious breakfast in the church hall by members of the Young Ladies Sodality.

President D. E. Cioffi presided, and Rev. Fr. Vincent Bertoline gave the invocation.

Program chairman Carm Sacco introduced the following speakers: Angelo Casaccia, who spoke on "International Crisis," and treasurer, Nicholas Casalandra, whose topic was "Let's Live Our Faith."

Co-program chairman Francis Augustine introduced the principal speaker, Rev. Fr. John E. Bruckner, chaplain of the New Castle Hospital. His subject was "The Practice of the Catholic Faith." He then closed with prayer.

Solemn Novena To Start Tuesday

Solemn Novena Of St. Anthony At St. Vitus Church Slated For Thirteen Weeks

On Tuesday evening, March 16, the solemn St. Anthony novena will start in St. Vitus church, and will be conducted for thirteen consecutive Tuesdays.

There will be two services conducted each Tuesday: the first at 6:30 o'clock and the second at 8 o'clock. Rev. Fr. Albert M. Inteso will preach the short sermon on the life of the saint.

Rev. Fr. Nicholas DeMita, pastor and Rev. Fr. V. Bertoline, will assist at the services.

Confessions will be heard before mass Tuesday, for those who want to start the novena by attending mass and receiving Communion.

All devout are urged to start the novena, and Rev. Fr. Nicholas DeMita, pastor appeals to the people to attend, and to pray for the intention of the novena which is universal peace among nations.

The shrine of St. Anthony is being decorated for the occasion, and will continue to be so until the novena ends on June 13, the Feast of St. Anthony.

The Champs de Mars is a great parallelism in Paris, between the Seine river and the Ecole Militaire (military academy). It was formerly used especially for military purposes and drills.

Golden Anniversary Program Gets Under Way With Initiation And Entertainment

With the initiation of a large class of candidates in the local aerie on South Jefferson street, New Castle aerie No. 455 launched a "gold rush" membership campaign commemorating the 50th anniversary of the founding of the fraternal order, with George B. Cowan, aerie president, presiding.

Following the initiation in the afternoon there was a splendid program of entertainment during the evening for members and their wives, which was well attended.

During the membership campaign 350,000 new members are expected to be added to the rolls throughout the United States.

Collie Dog Wakens Three Families As Fire Breaks Out

PITTSBURGH, March 15.—(INS)—Mitzie, a Collie, was given credit for spreading the alarm that saved three Pittsburgh families from a three alarm fire early this morning.

Louis Navillat, who occupied a three story frame house with his wife and child, said his dog started running through the house awakening the family to the approaching danger.

The Navillats then notified neighbors in the adjacent houses which were also on fire.

The only person injured in the blaze was Captain Lawrence Schramm of Engine Company 43 who suffered a cut of the right hand.

Fire Chief William Davis estimated the loss at \$10,000.

## Officials Report Bright Prospects For United Engineering Company

Unfilled orders of United Engineering & Foundry company not only are a new high for all time but are sufficient to permit the company's plants "to operate at capacity production for several years to come."

The increasingly heavy demand from domestic and foreign sources is to be satisfied through a flexible production arrangement which will permit United Engineering to take a considerable amount of work for short delivery in the active years ahead, according to F. C. Biggert, Jr., chairman of the board, and K. C. Gardner, president.

"We shall be in position at all times to provide our regular trade with the mill equipment they require," the United Engineering officials said in the annual report, and added:

"In view of the demand, the shortage and delay of critical material should be the only limits to production."

It was the shortage of some critical materials which prevented the substantial increase in 1947 sales over those of 1946 from being even larger.

Net Sales \$40,829,052  
Net sales for 1947 were \$40,829,052, or materially in excess of the \$24,195,150 for 1946.

Consolidated net income of United Engineering & Foundry company for the year ended Dec. 31, 1947, was \$3,433,305 equal after preferred dividends paid, to \$4.12 per

common share, compared with \$1.257,358, or \$1.46 per share in 1946. The year 1946 also had a non-recurring income of \$465,793, equal to an additional 57 cents per common share.

The high cost of living has affected the company's operations just as it has that of the individual. So, as a conservative measure, regular industry custom of monthly billings on partially-completed contracts was extended to require advance payments prior to production, Mr. Biggert and Mr. Gardner said. The balance sheet at the close of 1947 accordingly shows advance billings on contracts amounting to \$28,447,053, compared with \$7,808,856 a year earlier.

These advance payments have swollen the cash and U. S. securities accounts to give the company an extraordinary liquid condition. After deducting advance billings from current assets, the net working capital position was \$11,283,491, compared with \$10,226,464 a year earlier.

Research Accomplishments  
Notable development and research accomplishments in rolling mills during 1947 included the completion of the first cold-reduction mill to operate at speeds in excess of 5,000 feet per minute.

In the field of processing and finishing equipment, United Engineering developed several electrolytic lines for the production of

tin plate which operated at speeds in excess of 1,000 feet per minute. These have reached maximum speeds of 1,330 feet per minute, which practically double the production speeds of competitive equipment, with possibilities of even higher speeds in the near future, the report said.

Improved equipment has been turned out for the rubber, plastic and plywood industries by the company's Adamson plant, but the bulk of the backlog is for mills for the steel and the non-ferrous metal industries.

The company's foreign investments are carried in the balance sheet at \$2, but are recognized as having considerably larger value. Davy and United Engineering Company Limited, in which United Engineering & Foundry company has a minority interest, has given the local company a tremendous foreign prestige.

"Negotiations in foreign trade and particularly in England, beginning before the end of the war, have resulted in substantial orders, the receipt of which was, in a great measure facilitated by the connection with our English associates," Mr. Biggert and Mr. Gardner said.

"Likewise, a substantial volume of business has been secured from Australia and France and other countries in continental Europe." United Engineering's plant expenditures during 1947 amounted to \$1,048,711, with \$443,399 already earmarked for 1948.

## Ellwood Woman Hurt In Accident

Mrs. Elizabeth Dambrosia, 29, of 619 Wayne avenue, Ellwood City, is in the Jameson Memorial hospital, with contusions and bruises to her right leg and knee, the result of an motorcycle accident at Mill and Washington streets, at 3:40 p. m. Sunday.

With her husband and daughter, she started from the west to the east side of Washington street. Louis Moses of Morton street, was riding a motorcycle and he said he had the green light. He said the woman became confused, and fell down in front of the cycle.

Because he was going in low gear, Moses was able to stop his cycle quickly. However, she sustained contusions and abrasions.

## 52nd Engineers Plan Reunion Here

Plans for the annual reunion of the 52nd Railroad Engineers, of World War One, were outlined at a meeting presided over by R. M. Butler, of Cleveland, O., National Commander, in The Castleton, Saturday evening. The gathering will take place here on July 23-25 inclusive.

After the meeting, the officers were guests of James A. Bell and wife of Neshannock avenue. Mr. Bell having served with the unit, which was an overseas organization.

Members from 17 different states are expected to be present at the gathering next summer.

While Other New Car Prices Are Advancing

HERE'S WHY Kaiser-Frazer can make this announcement while other new car prices spiral upward. Kaiser-Frazer controls its own supply of many basic raw materials... has its own engine plant, foundry and steel mill. Materials from these sources funnel into new and modern Willow Run—the largest automobile manufacturing plant in the world under one roof.

Unfinished steel goes in one end of this great plant and comes out a quality automobile, ready to be driven away. All this is accomplished in a matter of hours, and with the economy of Kaiser-Frazer straight-line production. This is an achievement of men who are injecting new methods and ideas into an old industry.

In the new 1948 Kaiser, Frazer, Kaiser Custom, and Frazer Manhattan you get all the features

that others have attempted to copy since Kaiser-Frazer design was introduced in 1947.

So far no one has been able to more than approximate the graceful exterior body lines. No one has come near matching the roadability... the ride resulting from seats cradled between the front and rear wheels, such wide seats with both elbow and shoulder room. And none have the style features, the wide choice of colors and fabrics.

You get all this plus the many refinements made possible by years-ahead engineering and design. And, of course, all 1948 Kaiser or Frazer cars have the new Goodyear 24-pound pressure Super-Cushion tires that make bumps something you see but never feel.

Enjoy a ride today in America's newest new cars—the 1948 cars that have not gone up in price!

Wherever you drive, wherever you go, 'round the corner, down the street, there is a Kaiser-Frazer dealer ready to serve you with genuine factory parts and approved service.

IN SPORTS' LAND

**RUSSELL BAXTER** and **Jack Biddle**, local middleweight rivals, may box in a return eight-round bout in The Arena, April 14, according to Matchmaker Tommy Leach of the Jefferson Athletic club. Baxter won bouts in Detroit and Chicago while Biddle drew with Bulldog Rutherford at Roanoke and knocked out Bobby Simmons in five rounds in Chicago. Leach has offered Jimmy Dunn of Cleveland two bouts, one for Jackie Keough, 160, and the other for Lionel LaGrew, 147. If Keough is docked his opponent will be Johnny Izzo, rugged seventh ward brawler and if LaGrew is billed, his opponent will be Bobby Mason of Youngstown. Leach is also on the search for a capable opponent for Elkins Brothers in a future show. He would like to book Billy Pozza of Ellwood City, providing Billy's hand means. . . . Johnny Locisno et al., plans to stage Frankie Moran in a main bout in Ellwood City, March 30. Because of the Ellwood City promotion there will be no boxing show here March 31. The strong New Kensington Eagles edged the New Castle Eagles team Saturday night at the "Y" floor 50 to 48 as a large crowd looked on and cheered the fine play of both teams.

The locals led at the first period 11 to 7, but trailed at the half 26 to 20. The locals lost the game on the foul line, missing 13 free throws. Naples gave the fans a thrill in the final few minutes, getting seven points to put the Bill Patton coached Eagles in the ball game.

Scoring stars in the game were Humphrey of New Castle and Cavitt and George of the visitors. The Eagles have concluded their regular schedule of games for this year, and will now enter the Optimist tourney and the Girard tourney. The record for the year is 21 wins and 11 defeats.

## Garden Tourney Semi-Finals Tonight

Hardest-Fought  
Contests Seen

**NYU Meets De Paul, St.  
Louis And Western Ken-  
tucky Fight For  
Finals**

**By LES CONKLIN**  
(International News Service Staff Writer)  
NEW YORK, March 15.—(INS)—Crippled New York University tangles with DePaul, and the colorful St. Louis Billikens tackle Western Kentucky at Madison Square Garden tonight in what should be the hardest fought battles of the National Invitation Basketball tournament to date.

N.Y.U. is a one-point favorite over the Blue Demons of DePaul in one semi-final, while the fourth-seeded, surprising Billikens have been installed a 1½ point choice over the seeded Western Kentucky in the other.

Interest in the improving Billikens is so keen that their clash with the Kentuckians was made the feature attraction at the eleventh hour, with the other game relegated to the opening spot.

St. Louis has speed, precision and finger-tip passing. Western Kentucky also is a fast-breaking outfit, and in addition has an amazing assortment of whots and the advantage of height.

Both won their quarter-final matches easily. St. Louis running over Bowling Green 69-53 and the Kentuckians downing LaSalle 68-61, and both could have won by much greater margins had they so desired.

Saturday night, N.Y.U. was trailing Texas by four points with less than a minute and a half to play and needed goals by two substitutes to pull the game out of the fire, 45-43.

The second-seeded Violets were handicapped in that contest because they got little use out of Don Forman, their ailing little set-shooting forward. Coach Howard Cann doubts that Forman will be able to see much action tonight. He will be replaced by Johnny Derderian.

DePaul, the only unseeded team of tonight's quarter, rolled up the largest score of all in the quarter-finals in swamping North Carolina State, 75-64. They will throw a trio of high scorers at N.Y.U. tonight in the persons of big Ed Mikkan, Whitey Kachan, a side set wizard, and Pete Corrales, who allied 50 points among them against State.

Mikkan, who specialized in pivot shots in running up high individual score of 23 points, also tied his brother George's foul shooting record of 13 out of 11.

Tonight's two winner will tangle in the finals Wednesday. The two losers will meet in a "consolation game" for third place in the tourney.

Briefs From  
Major Camps

(By International News Service)

The New York Yankees have drawn first blood in their 1948 warfare with the Boston Red Sox, who are conceded to be the most dangerous rivals of the world's champions for the American league pennant this season.

Marse Joe McCarthy, former Yankee manager who now pilots the Red Sox, wanted to win this one yesterday at St. Petersburg, Fla., even though it was only an exhibition.

The two teams bore down as though the pennant were at stake, the first nine innings being scoreless. Then the mighty Joe Di-

Maggio, who had gone hitless like his great rival Ted Williams of the Sox, whacked a homer into Tampa Bay on one hop to climax a five-run rally in the tenth and give the Yanks a 5-2 win.

The New York Giants enhanced their "rep" as home run kings by hitting four circuit clouts in nosing out the Chicago White Sox, 5 to 4, at Phoenix, Ariz.

A four-run rally in the eighth gave the Athletics a 5 to 2 win over Washington at West Palm Beach.

The great Ewell Blackwell of Cincinnati pitched three scoreless innings to start the Reds to a 3 to 2 triumph over the St. Louis Cardinals at Tampa.

Other exhibition results: Phillies 9, Detroit 1; San Francisco 6, Cleveland 5, and Brooklyn 7, Montreal 1.

**UNION CIVICS

Floor Marathon Over;  
K. Pulaskis Snare 3  
Out Of 5 On Weekend

K. Pulaski "Big Five" are now known as the "Ironmen" after playing five basketball games over the week-end, winning three of them. The Pulaskis lost to Westminster Collegians in the finals Saturday night 64 to 47 after having played three previous games, in the annual East Liverpool tourney.

It was a tired Pulaski team that saw the Westminsterers, crowned champions, unseating the Al Gonet coached machine that had won with 66 points. The best sports were Washington. The best foul-shooter was Subak.

**Pitt Panthers Win**  
Sunday afternoon found the Pulaskis a rather tired ball club as they engaged the Pitt Panthers in a Zubkowsky benefit game, losing it to the Pitt football stars, 63-48, with Tony Razzano the big thorn in the side of the Pulaskis with 25 points. Ralph Short and Leo Skladany also played fine basketball for the Pitts with 12 and 13 points respectively.

For the Pulaskis the playing of Wasik, Cooper and Morrow was the best, with the majority of the points. A large crowd saw the benefit battle. It was a hectic week-end for the locals.

The Pulaskis will enter the Hubbard tourney and will play their first game Thursday evening at 10:15 o'clock. Coach Al Gonet announced.

**'Operation Mercy'  
Brings Starving  
Game Tons Of Food**

**PHILIPSBURG, Pa., March 15.**—(INS)—"Operation Mercy" has been completed, with all objectives successfully reached.

It took 100 airplanes and 400 automobiles to complete the operation, but today the deer, turkeys and other game in six west-central Pennsylvania counties had more than 25 tons of corn and other food, to help tide them over the remaining almost foodless days until spring returns.

The 100 planes aiding in distribution of food to the near-starving animals assembled at Black Moshannon airport near Philipsburg Sunday. They represented dozens of sportsmen's organizations throughout the state.

There, leaders of the Mercy expedition assigned each to a certain territory to "bombard" with the corn and other animal food. The planes covered those areas inaccessible by auto.

The 400 cars covered areas which would be more easily reached.

Recent surveys of the areas "bombed" with the food showed deer, especially, were in a near-starvation condition. Bitter cold weather and heavy snows had made it almost impossible for them to forage.

The sportsmen said it will be necessary to continue to feed the game until about May 1, when natural food again will be plentiful. Other similar expeditions are being planned.

Although the Japanese take credit for the invention of jiu jitsu, it is believed that this form of weapons attack was created by the Chinese monks.

Ringer-Clark  
Lead Boosters  
To Saturday Win

**East Brook Club Defeats Wampum  
Legion, 50-41; Play Brighton  
Tuesday**

With Mike Ringer and "Slim" Clark hitting for 37 of the total, the East Brook Boosters racked up their 21st win of the season Saturday night, defeating the Wampum Legion, 50-41 at the Wampum gym. The Boosters led at the half, 29-19.

Grinnen and Marich led the Wampum scoring with 11 and 12 points.

Tuesday night the Boosters will entertain the powerful New Brighton Legion on their home boards. In the prelude the "Boosters" will tangle with the Butler Cubs. This is a benefit game for the East Brook Grange.

AAU TOURNEY  
IN SECOND DAY

**DENVER, March 15.**—(INS)—The national AAU basketball tournament move into its second day at Denver today with 16 of the remaining 40 teams scheduled to fall by the wayside.

Nine of the original entry list of 49 were eliminated yesterday as some 2,500 Denver fans watched a variety of basketball, with secondary teams in the play.

The first of today's high-powered quintets take to the floor shortly after noon.

The defending champions, the Phillips "68" Oilers from Bartlesville, Okla., favored to win their sixth consecutive AAU championship, will play the Galva, Kan., American Legion. The latter moved into second round play yesterday by defeating Naval Supply Depot, Spokane, Wash., 56-48.

RING COMMITTEE  
PLANNING PROBE  
OF SAFEGUARDS

**PATERSON, N. J., March 15.**—(INS)—The executive committee of the National Boxing association will study complete revision of boxing safeguards and physical examinations at a special meeting in Philadelphia next Saturday and Sunday.

Topping recommendations by Abe J. Greene, N.B.A. president, will be one that there be a one-month lapse before a knocked-out boxer is permitted to fight again. Other recommendations will deal with plans to decrease ring injuries and deaths.

## WINS CYCLE TITLE

**DAYTONA BEACH, Fla., March 15.**—(INS)—Floyd Emde of San Diego, Calif., today holds the 1948 title in the 200-mile experts' motorcycle race following his record-breaking pace in the Daytona Beach national championships yesterday.

Emde was clocked as breaking all previous motorcycle speed records by 11 minutes. His average speed was recorded as 84.01 miles per hour.

The Californian rode an Indian motorcycle which roared him around the 200 miles in 2 hours, 22 minutes and 56.26 seconds.

Spelunking was organized as a sport by a group of New Englanders in the 1930's.

## See Fireworks In Tourney

The big city-county cage tourney, which gets underway at the George Washington high floor a week from today, should be one of the best floor cards staged here in years.

With the full complement of teams (16) in the fold, the top talent of the district has been corralled and so even in strength are the entries that it is virtually impossible to pick a titlist.

The only outfit of note that is not enrolled for the games is the K. Pulaski "Big Five", winner of the trophy last year in a play-off with the Lions. The Gonet-coached Oaklanders are unable to compete and defend their laurels due to other tourney commitments.

Top seeded teams are the Elks, Ellwood City All-Stars, New Castle, and the local Eagles club. The

Elks will suffer with their great forward Francis "Fritz" Pitzer on the sidelines for the remainder of the season, but are counting upon Freddy Wimer and Bob Pitzer for scoring punch.

The Legion is one of the powers of the Civic-Industrial loop and figure to give 'em all a tussel. Ellwood City is reported to have a potent crew, headed by Joe Daugherty, Duquesne U. sophomore, and other aces. East Brook, with Mike Ringer and Carl Jameson their big guns, aim to move swiftly to the finals, and the Eagles, one of the better units in the city, are highly rated.

Other quintets which can move right in and take the cup are the Forest A.C., DeCarbo's, Shenango and Universal Potteries, Morella Dairy Bar, V. F. W., Bessemer and Wampum Legion, Kelly A.C., Gus "Big Five" and Plaingrove Alumni.

Elks Lose In  
Title Battle

**Play Vienna Service In  
Finals At Cortland Due  
To Technicality, Drop  
61 To 58**

Due to a technicality Saturday night, the New Castle Elks entered the finals at the Cortland, Ohio tourney and were defeated by the Vienna Scott Service, 16 to 9 (Youngstown College) 61 to 58. The Elks brought home a beautiful runnerup trophy.

The Elks went to Cortland to play the consolation game and defeated the General Fireproofing of Youngstown in the first game 74 to 63 with Freddy Wimer caging 27 points. Then the tourney director asked the Elks to play the championship game. The boys had only an hours rest between games.

**Winner Outstanding**  
Besides the runnerup trophy the Elks snared the outstanding player trophy—Freddy Wimer—and both Wimer and Tom Carey got trophies for making the all-tournament first team.

It was Schaffer's 23 points in the final game that put the skids under the Elks. Eddie Kosela, Wimer and Bob Pitzer led the locals in scoring. Had the Elks not played the first game they would have undoubtedly defeated the Vienna team in the finals.

This game will be the evening's finale and will be preceded by the First Congregational-Croton clash and the Third U. P.-First Methodist game, both Church League offerings.

An overflow crowd is expected for tonight's battles.

## LEAD IN EXHIBITION

**ATLANTA, March 15.**—(INS)—Mildred (Babe) Didrikson Zaharias and Patty Berg of Minneapolis today hold a 2 and 1 exhibition victory over national amateur champion Louise Suggs of Lithia Springs, Ga., and Dorothy Kirby of Atlanta.

The foursome met yesterday in Atlanta in an 18-hole exhibition match before more than 6,000 persons.
